FEATURES

IP66 CERTIFIED FOR THE GREAT OUTDOORS

Designed to brave the elements, the 5KO PRO is your all-weather ally. With its IP66 rating, it's dust-tight and water-resistant, ensuring peak performance in any outdoor scenario.

BUILT-IN HEATING SYSTEM FOR CHILLING CLIMATES

Our cutting-edge heating system keeps the battery cells above critical temperatures, ensuring unwavering performance even in freezing conditions.

PLUG & PLAY

Easy installation, just 20 minutes in two persons, no set up is required and no cables between inverters and batteries, all is plug and play and cables less. Installation method error free and with final self check control made via APP using the Wizard commissioning Tool.

ADVANCED FIRE SUPPRESSION IN EVERY MODULE

Safety first and always!
Each 5KO PRO module comes equipped with a sophisticated fire suppression system, offering unparalleled safety and peace of mind.

FEATURES

SEISMIC PROOF STRUCTURE

The battery exhibits exceptional resilience to seismic activity, ensuring uninterrupted power supply and system reliability during earthquakes.

MODULARITY MEETS POWER

Scale up effortlessly! Connect up to 4 modules in parallel to form a cluster and link up to 3 clusters for a grand total of 12 units. The 5KO PRO provides a flexible, scalable, high-capacity energy storage solution that adapts to your ever-changing needs.

- Plug and Play expansion with Master controller.
- Up to 12 modules and 60 kWh.
- Add Cluster Anytime, no time restriction.
- Plug & Play configuration, no settings required.

Cluster Always Balanced

Easy Expandability at any time

Experience unparalleled durability, safety, and flexibility with the 5KO PRO Battery – your perfect partner for sustainable, high-efficiency energy storage.

Specifications

Master Controller

Battery Module

Battery Module

HV – PACK SYSTEM

System Expandability	Up To 12 Batteries Per System (max. 3 Clusters)
System Nominal Voltage	430 Vdc
System Max. Current (Three Clusters Full Configuration)	6.0 ~ 72.0 A (6.0 A *12 modules)
System Protections	Auto Contactor, Fuse, EMS for Current, Voltage, Temperature and CAN BUS Communication
Ambient Temperature Range	-5 °C +40 °C
Fire Protection System Activation	Automatic without external impulse
Installation	Stackable/Floor (wall bracket accessory)
Performance Warranty	10 years / 7000 cycles
IP Rating	IP66
Communication To Inverter	CAN BUS
External Communication And Monitoring	WiFi Bluetooth (accessory IP66 antenna)

HV – PACK MODULE & BATTERY

Module Nominal Voltage	430-450 Vdc (25.6Vdc pre DCDC)
Module Voltage Range	400 ~ 450 Vdc
Battery Type	LiFePO4
Cell Capacity	100Ah
Total Capacity	5.1 kWh
Charge Mode	CC - CV
Standard Charge / Discharge Current	6.0 Adc
Max. Charge / Discharge Current	7.8A
Battery Inner BMS Protections	Over Charge / Over Discharge Over Temperature / Over Current (see manual)
Dimensions (W x D x H) (mm)	630 x 340 x 185
Weight	52 Kg (114.64 lbs)
Installaztion Method	Cableless Plug & Play stack
System Type	DC/DC Converters, Isolated Buck / Boost

DC /DC V-Booster Converter / Operations

Low Voltage Battery Side V / I Range	48-56.8Vdc
High Voltage V-booster Side V / I Range	400 - 480 Vdc
Standard / Peak Power	2.5kW / 3.5kW
BMS Operating Temperatures	-20 °C ~ +65 °C

The above-mentioned temperatures are limited to the BMS ranges, such values may not be covered by the performance warranty. We recommend contacting WeCo for the most up-to-date datasheet, read warranty and manual before making any purchasing decisions. No part of this document can be copied or reproduced without WeCo written permission. All data is subject to change without prior notice.

WECO

FEATURES

FIRE FIGHTING SYSTEM

Built-in fire suppression kit, 4-layer system level protection, all-round BMS protection.

RELIABLE

LFP battery, IP66 rated design.

HEATING SYSTEM

Built-in battery heating module ensuring unwavering performance even in freezing conditions.

OUTDOOR INSTALLATION

Designed and ready to withstand various weather conditions.

AUTO BALANCING

System self-balancing logic with predictive algorithm.

EXPANSION MODULE

EV DC charging module MPPT expansion module.

USER-FRIENDLY

APP & web portal interface LCD display for easy access.
